Mr. Bruce DesChamps has been commissioned a magistrate at Pinewood.

Col. W. W. Lumpkin of Columbia, was in Manning on business yesterday.

Mrs. Griffin of Monroe N. C. is in Manning visiting her sister Mrs. F. L. Wolfe.

Mr. Albert Galloway of Clinton, is at home visiting his parents Mr. and Mrs. J. M. Galloway.

Mr. C. C. Langston left last Monday for Columbia, where he will spend several months in a business college.

Dr. Clarence Traylor, a licensed graduate pharmacist, is now engaged at the Arant Company Drug Store.

After this week THE TIMES editor will have a Columbia letter each week during the session of the legislature.

Mr. Ben H. Harvin of Harvins spent Friday in Manning, and his friends here were delighted to see him in improved health.

There is a rumor afloat that "Big one" is soon to take unto himself a rib. He says there is no fun playing a game without a partner.

Miss Gertrude Bradham is now at Asheville, N. C., where her health is fast improving. We hope she will soon return her robust self again.

Rev. A. R. Woodson is in Summerton this week assisting the Rev. Porter in conducting a revival service in the Presbyterian church at that place.

Rev. Tolar of Summerton, S. C., will preach in K. of P. Hall at Pinewood, S. C. on Sunday night at 7:30 o'clock, Jan. 19, 1908. All invited to come.

Miss Annie McCrary, of Pendleton, is spending the week in Manning as the guest of Mrs. A. R. Woodson. She expects to return home next Saturday.

Bell & Reardon have moved their shop to Mr. Bell's old stand, near the Baptist church, where they will be glad to see and serve their friends and customers.

Senator Appelt left last Monday night for Columbia to attend the legislature. All letters relating to public matters should be addressed to him care of the Senate chamber.

Miss Armstrong, of Charleston, visited the Misses Thames here during the week-end. She was on her way to Salem, where she is to have charge of the Smith school.

In the wrestling bout here last Friday night, Walek got the decision over Caine on account of the latter getting his shoulder hurt and had to retire from the mat.

Married in Charleston last Wednesday, Mr. Claude S. Breedin and Mrs. Margaret Barbot. The bride couple came to Manning to visit Mr. Breedin's parents, and returned to their home Saturday night.

The proposition to abolish the magistrate's office at Foreston is not approved of by the people of that section. They claim that the office being there is a preventative of crime. It is their only political protection.

We understand there is some probability of a special school district being formed in Harmony township with a four mill levy. That section would be greatly benefited by good school politics. It would enhance the value of the lands, and otherwise be helpful.

The installation of the W. O. W. officers for the ensuing year took place last night. Past Consul Commander Charlton DuRant presiding. After the business meeting was over the Camp repaired to the Gem Cafe where an excellent spread awaited them.

The Methodist congregation at this place is preparing to make extensive improvements about the church building. There will be two new Sunday School rooms added, and the spire that was damaged by fire due to lightning several months ago will be rebuilt.

The home of Mr. T. Leslie Bagnal, near Foreston, was destroyed by fire last Friday afternoon, and very little of the contents was saved. Mr. Bagnal was insured in the Jenkinson & Horton agency \$900 on dwelling and \$100 on furniture. The insurance will not cover the loss.

The agitation for the repeal of the lien law has had the effect of holding up the advancing business among our merchants. They are waiting to see what the legislature will do with the law. We are of the opinion the lien law will be repealed at this session, but all liens taken before the law is repealed will stand the same as if there had been no repeal.

As shown by the County Supervisor's report published last week large sums of money were paid out for road work, but the most of this has gone for nothing for the heavy rains of last week put the roads in worse condition than they were before any work was done. In some places the roads are impassable except at great risk and it is imperative that something be done to remedy the damage at the earliest possible time.

Who was it said Friday is an unlucky day? There is nothing to it, on last Friday our friends remembered that the Times editor had special kindnesses. Mr. H. L. B. Hodge, of Dultant, sent him a dozen fat, plump and juicy partridges. Mr. R. C. Wells brought him a delightful roast of venison and Mrs. Reece Gibson sent him a purple top turnip measuring 22 inches in circumference. Will it not be hereafter of Friday being a bad luck day.

That's the house the Doctor built. The biggest house you see? Thank goodness he don't get our money. For we take Hollister's Rocky Mountain tea. Dr. W. E. Brown & Co.

Dr. C. L. Fowler, B. D. pastor-evangelist of Clinton, is assisting the pastor in a revival service at the Baptist church this week. Services are held every morning and night, and a cordial invitation is extended to all to attend the meetings. Dr. Fowler has recently returned from an extended tour of the East, where he visited many scenes of the early trials and martyrdoms of the Christian church.

The Newberry Observer of the 14th, says: "The negroes in Newberry insist that Ernest Gilliam did not commit suicide in Manning, according to the finding of the coroner's jury down there, but that he was killed by a woman. There may be an investigation. One thing that might be revealed by an investigation is whether Ernest Gilliam and Will Herbe is one and the same person, and if so, why so? There can be no doubt about the one known here as Will Herbe shooting himself."

It is the best remedy known to-day for dyspepsia and indigestion and all troubles arising from a disordered stomach. Take KODOL to-day, it is pleasant, prompt and thorough. Sold by W. E. Brown & Co.

On last Thursday night some dastard went into the field on the "Clark place" which is rented by Israel James, and burned up 55 bushels of corn and 56 two horse wagon loads of hay and fodder. That the fire was the work of an incendiary there is no doubt, as the signs of kerosene oil were distinct the next morning. There is a strong suspicion pointing to a source and steps have already been taken to ferret out the devil incarnate who would, under the cover of night commit such a foul deed to gratify a revenge. Murder, fire and so on will be a crime of this character. No community can afford to tolerate a man be white or black whose heart is so black that he can gratify his revenge with a torch. If the evidence is obtained every means known to the law will be used to rid this community of such a character, and we can say further, a clue has been obtained.

When you want the best, get DeWitt's Carbolic Witch Hazel Salve. It is good for little or big cuts, boils or bruises, and is especially recommended for piles. Sold by W. E. Brown & Co.

Poor Charlie Willie has had them again, and was placed in jail last Saturday night on a warrant. This Chinaman has been acting very queer for some time, and it was presumed he was under the influence of some opiate or decoction which gave him something like delirium tremens, about three weeks ago he had one of these spells and seemed to have gotten over it, but last week it came back whether from liquor or opium we know not, but his conduct was such that he was regarded dangerous to himself and the property in which he lives. A prominent citizen had the Judge of Probate to begin lunatic proceedings, Sam Lee a Chinaman of Sumter was telegraphed for, and on his arrival Charlie was taken to jail to await the decision of the examining doctors. Sam Lee and the writer made an examination of Charlie's effects, and there found about \$15 dollars, of which \$700 was deposited in the Bank of Manning in the name of "Sam Lee for Charlie Willie," the balance was in nickels and dimes which at the suggestion of the writer Sam Lee kept to defray incidental expenses.

It has been arranged with the authorities to keep the unfortunate Chinaman in jail for about ten days to be treated by Dr. A. S. Todd, and if in that time his mental condition is restored he will be released. In the meantime Lum Quey of Charleston, another Chinaman will manage the laundry.

Builds up waste tissue, promotes appetite, improves digestion, induces refreshing sleep, gives renewed strength and health, that's what Hollister's Rocky Mountain Tea does. 35c. Tea or Tablet. Dr. W. E. Brown & Co.

When the news of the action of about twenty six men at Summerton, with regard to the court house proposition was published last week, fired the progressive citizens of the county, and petitions have been signed in several sections urging the Representatives to stand by the action of the county mass meeting. That mass meeting was advertised, and its purposes stated in the notice or call, the number present was not many, but there were citizens from nearly every section, it was not a meeting composed of a few from one neighborhood, it was as much a representative convention, as was the one held the year before which action was accepted by the representatives. That the majority of property owners in this county endorse the action of the mass meeting which adopted a resolution by a vote of 26 to 1, urging the Representatives to make provisions, or anything else, is clear by the large number of signatures to the petitions circulated since to Summerton meeting.

Summerton school district is paying a tax of its own voluntary making, and that town deserves to be commended for its spirit of enterprise, but because they have taxed themselves for local improvements, it is no reason why they should attempt to throttle the progress of the whole county by taking advantage of the circumstance of having in that community two of the Representatives. Summerton is only a part of it, and the gentleman living in that section who are members of the legislature are not unkindly of the fact that they represent Clarendon county as a whole, and not one school district. If these gentlemen are disposed to be influenced by the Summerton meeting which expressed opposition to the court house project, we take it they will stop and consider the wishes of the people of the county as expressed in the largely signed petitions that will be submitted to the delegation.

There are some opposed to the building of a new court house, but these same people are opposed to all public improvements, if left to them every public school house would be closed, our children would suffer for the need of a primary education. They are opposed to any and everything that will cost a dime, whether it is for public improvements, schools, churches, or anything else that is unselfish. This class simply heard what they make, it does neither them or anyone else any good; happily however, the majority believe in progress.

## Some Interesting Facts.

County Auditor Burgess has furnished the following facts and figures relative to the work in his office for the information of the legislative delegation, and the same will likely prove highly interesting to our readers generally:

In 1885 the total amount of taxable property in Clarendon county was \$1,485,172; in 1907 the total taxable property amounted to \$3,922,715, nearly a three-fold increase. The number of polls in 1885 was 2,583; in 1907 it was 5,167. In 1885 no dogs were taxed, while last year the number returned amounted to 2,595. In 1885 there was not a special school district in the county, while now there are twenty-five special school districts with levies from 1 to 9 mills.

In 1885 and until recent years the tax books closed January 15th and by February 15th the treasurer could get off the double entries, etc., and turn the books over to the auditor. As it now stands the treasurer collects taxes till March 15th and turns his book over to the Auditor about the first of May which gives him about two and one-half months less time to get up treasurer's and auditor's duplicates than formerly.

In 1885 it took the county auditor about two-thirds of his time to get out at least two months.

The auditor's salary is now about \$800, less two months hired help, amounting to about \$80, and horse hire, harness, etc., for one month taking return \$40, leaving about \$680 net salary for doing nearly twice as much work as was required twenty years ago.

## Bad Backache

Such agonies as some women suffer, every month, from backache!

Is it necessary? No. It can be prevented and relieved, when caused by female trouble, by taking a medicine with specific, curative action, on the female organs and functions, which acts by relieving the congestion, stopping the pain and building the organs and functions up to a proper state of health. Try.
